The following appraisal has been undertaken to determine the retail replacement value with a comparable item of jewelry described in the appraisal. The function of the appraisal is to obtain retail sales consumer information. The value of the following appraisal is representative of current time and market.

Reference retail market is defined as the value that is the mode of current sales in the most common appropriate market for like kind, or comparable jewelry. The valuation of the item being appraised is the retail value at the current date.

North American Gemological Laboratory, LLC uses a variety of sources to obtain the value. The specific marketplace addressed is the one in which the ring is most commonly sold to consumers by retailers in new condition: retail jewelry establishments. Limited Conditions: The purpose of this report is I.D. and consumer information only. North American Gemological Laboratory (N.A.G.L.) has prepared this report in accordance with accepted gemological standards using the state of the art gemological equipment. N.A.G.L. certifies that with respect to this report we have acted in a completely independent manner and have no direct financial interest in this item. This report is not an offer to buy or sell the tem at any price. Fees paid for this appraisal does not include the services of the appraiser for any other matters whatsoever. The possession of this report does not carry the right of publication without the appraisers' authorization. All colored gemstones are assumed to be treated unless otherwise noted.
